**MANDARA SPA AT SUTERA HARBOUR RESORT
KOTA KINABALU, SABAH, MALAYSIA
– AN EXCEPTIONAL SPA EXPERIENCE –**

Mandara Spa, the world’s leading operator of city hotel and resort spas, has a luxurious tropical spa outlet at The Magellan Sutera of Sutera Harbour Resort. The purpose-built 12-room luxury facility offers Sutera Harbour Resort guests and members the opportunity to relax and rejuvenate with traditional, all-natural treatments in a soothing tropical environment.

Visually breathtaking, the décor and architecture uses clean modern lines fused with an eclectic mix of Asian influences. Warm woods, lush tropical foliage and aromatic oil permeate the air to beckon the weary soul on arrival.

Built over two levels, the spa centre houses six double deluxe spa suites, six single treatment rooms, a reception area and boutique.

The double deluxe suites encourage guests to enjoy the experience in pairs — couples or friends receiving side-by-side pampering — to enhance the pleasure the spa experience can offer both men and ladies. Four specially built deluxe suites are located downstairs with an enclosed private courtyard garden, outdoors Jacuzzi and private steam room. The two deluxe suites upstairs have an indoor, oversized bathtub that looks out to sea.

Those who prefer solitude can choose the single suites that offer privacy with ensuite showers. Luxurious in comfort with minimalist décor, they are intentionally designed to evoke a sense of space and serenity.

The Mandara Spa offers each guest an exceptional spa experience, with attention to every detail. Guests sip signature tea as they are guided through specific treatment options at each stage.

“It’s not just about having a treatment, it’s a total experience that involves all of the senses,” says Jeff Matthews, Regional Managing Director for Mandara Spa Asia. The customer may soak in a fragrant bath of aromatic flowers, luxuriate in the warm Balinese spice wrap, loosen the muscles at the touch of gifted hands and breathe in the fresh air and tropical aromas as they rest in a private garden.

Mandara Spa offers a range of all-natural facial, massage and body treatments, based on the ancient beauty, healing and rejuvenation secrets of Asia.

Its signature products, adapted from traditional beauty recipes, capture the healing and nourishing essence of nature. Using the finest and freshest indigenous ingredients, they are nutrient rich and aromatic.

Two therapists working together in rhythmic harmony perform the signature treatment, Mandara Massage. The ultimate in massage treatments, it's a unique blend of five different massage styles – Japanese Shiatsu, Thai, Hawaiian Lomi Lomi, Swedish and Balinese.

In addition to the range of individual treatments, the Spa offers an enticing array of packages from one and a half hours to two and a half hours, allowing guests the opportunity to truly immerse themselves in the spa experience. Names like Harmony, Magellan Magic and Ultimate Indulgence promise a blissful experience.
